Application Layouts

There are two different application layouts.

- Wizard style; guided step-by-step through the application.
- Single page style; similar to ETAPS.
- You can select your preference under ***My Settings***.

The screenshot displays the MVTRIP application interface. At the top, a black header bar contains the MVTRIP logo, the version number '0.2.491 deployed on 9/29/2017 9:05:53 AM', and a 'Logout ADMIN_70-00002-00' link. Below this is a white navigation bar with the ALTS logo and links for 'Home', 'Apply', 'Actions', and 'Help'. On the right side of the navigation bar, a 'My Settings' dropdown menu is open, showing 'Organization Settings' and 'My Preferences'. The main content area is titled 'Application Settings' and features a section for selecting a layout style. The 'Wizard Style (recommended)' option is selected with a radio button. Below this, a text box explains: 'New application information is entered in a Wizard style layout. Related Fields are grouped together in tabs and you will be guided through the application process.' The 'Single Page Style' option is also visible, with a text box explaining: 'New application information will be entered on a long single page entry with every field visible at the same time.'

Future ALTS Changes

- Alert designated agents when applications have not been submitted or documents have not been received.
- Allow designated agents to put their own applications on hold for 30 days.
